10.04 District 4: North of Town	<p>I am in agreement with the guidelines listed for district 4. This is an important wildlife area that requires high priority protection.</p> <p>The continuation of the bike path from Moose to the southern end of Grand Teton Park or to town would be deserving of consideration.</p> <p>Also worthy of consideration is the establishment of minimal flow standards for the main channel of the Gros Ventre river to prevent diversion from "drying up" the river each summer and thus damaging the fish population.</p>	Austin Spitzer	4/23/2009 12:25
10.04 District 4: North of Town	Agree expansion of JHGT is not appropriate.	Save Historic Jackson Hole	5/15/2009 14:45
10.04 District 4: North of Town	Some of the area identified as MultiUse Visitor Orientation should perhaps instead be classified as MultiUse Local Orientation, since portions of this area consist of single family homes occupied year-round by local residents.	William D. Friend	4/15/2009 17:47
10.04 District 4: North of Town	<p>Do not enlarge the airport</p> <p>Enforce stricter policy of noise abatement close to airport</p>		4/17/2009 13:37
